

Editor's Welcome

Dear Reader,

First, do have a very enjoyable Easter. As always, as you go about your leisure and business activities others will undoubtedly try to relieve you of your property so please take that extra care to lock things up and put them out of sight.

We'd like to remind readers to the Horsewatch Bulletin to remain vigilant for suspicious characters, cars and activities. What has become noticeable over the last twelve months is that certain elements of society have developed a penchant for stealing ponies and then selling them back to the distraught owners allegedly after 'buying them in all innocence'. The only way to stop this activity is to stop the thieves at source – at your front door, farm gate and stable door. The practice of stealing ponies and selling them back to owners will continue all the time thieves and receiver/handlers of the stolen animals know they can get away with it. All owners are encouraged to engage the police in assisting in the recovery. It is appreciated that there may be pressures applied on the owner not to do so by those in possession of the animals but acquiescing to their demands merely encourages thieves/handlers to repeat the crime and so the problems repeat themselves.

What is also noticeable is that Horsewatch members up and down the country are looking out for stolen ponies/horses and as a result their endeavours there have been positive identifications and recoveries.

The proof of identification and ownership of horses and other property is becoming more of an issue these days. The recommendation is that you uniquely identify/mark your property. This can be as easy as postcoding items, use Smartwater products, use micro chip or mark you property in a way which is known only to you. For a small investment you can have peace of mind. **BUT** remember that before you buy anything make sure you know who you are buying from!!! Don't buy someone else's misery. Thieves and handlers steal, move property on only for one purpose to make money. Ask yourself questions. Is the seller genuine? Can they prove ownership? Can they demonstrate to you that they are the legitimate owner?

The victim of a crime who has property stolen doesn't lose their right of ownership and their property can be returned to them. If you are going to buy second hand goods (of any description) examine it carefully and ask questions. Believe it or not people do tell lies.....!! So don't get caught out.

See Hampshire's Section for some Crime Prevention Information.

We'd like to bring to your attention a recent incident in the New Forest. The lone rider fell off, was knocked unconscious and abandoned by her horse, who was found sometime later several miles away. Unfortunately, neither horse nor rider were wearing any form of identity and nobody knew where the rider was planning to go ... I'll pause a moment to let you contemplate the consequences of such poor ride planning and preparation. We are pleased to say that on this occasion the pair were eventually safely reunited but not before a great deal of time and anxiety had passed.

Responsible riders can purchase identity bracelets for themselves and their horse from www.icebands.org.uk or they may prefer to have metal dog-tags engraved with their ICE details. Subject: Ringmaster Bedfordshire - Bedford - 02/04/09 A heart Felt Thank You
This is a message to all members of the Ringmaster Messaging Service from Divisional Commander Chief Superintendent Andy Street.

Dear Ringmaster Member

I would like to thank everybody who lives and works in the Division, for your efforts over the last 12 months. As a division we have seen a significant increase in the rate of detected crime, up by 7% over the year. However, not only did we detect all these additional crimes but we have seen a continued reduction in recorded crime:

Burglary Dwelling - DOWN 2%
Robbery - DOWN 10%
Theft of Motor Vehicle - DOWN 16%
Theft from Motor Vehicle - DOWN 12%
Criminal Damage - DOWN 17%

Overall a reduction of 9% and this is following on from a previous year which saw reductions! I am proud of the team that has achieved these results. I also acknowledge that the hard work of Watch Scheme Members in the community has had an important role to play in this success.

Of course, we can't rest on our laurels' and we have some significant challenges ahead, not least to repeat this level of performance, but if we continue to reduce crime and detect more we will be providing the quality Policing Service the people of Bedfordshire deserve.

My personal thanks to you all.

Andy Street, Chief Superintendent, Divisional Commander

Unmarked Tack Recovered

Last week a Bedfordshire Police officer recovered 4 trailers and 14 saddles in the South Bedfordshire area. None of the recovered saddles had been marked. Thanks to the hard work of the team at Dunstable station all of the property has now been traced to the owners. This process would have been much easier had the owners of the saddles had their property security marked.

Tack Marking Opportunity

Visible property marking is not only a good deterrent against theft, but is a useful tool to the police in returning recovered property and in gaining convictions against offenders. There are a number of

Date: 10th April 2009

methods for marking property, ranging from etching and engraving, to Smart water and UV pens.

Bedfordshire Horse Watch will be having a stand at The Alternative Event, in Shuttleworth, on Saturday the 18th of April. A Tack Marking service will be available, at this stand. Please bring along your saddles and bridles.

Three saddles, bridles, generators and tools stolen

A burglary took place at a stable yard in Sewell, near Dunstable, between 6:00 in the evening of the 30th, and 4:00 in the afternoon of the 31st of March. The offender has gained entry to an insecure stable block. A tack box was forced open and 3 saddles and some bridles were taken. 3 generators, a chain saw, wheelbarrow, and power garden tools were taken from the building. The offenders loaded all the stolen property into a trailer that was kept at the yard. The offender removed the trailer, across fields to the rear of the location, towards the A 5 0 5 Leighton Buzzard Bypass.

Bedfordshire Police ask rural business owners to take some time to review the security of the premises and outbuildings. Secure all buildings, and avoid leaving trailers of vehicles in fields or yards, where they can be seen from the road. Consider visual security marking on all trailers, power tools and tack, this is a good deterrent, and is helpful to Police investigations when it is recovered. Bedfordshire Police ask rural business owners to be vigilant, and to report any suspicious vehicles, or visitors, to the Police Control Centre.

If you have any information about this crime, please call (01234) 841212, for North and Mid Beds, or (01582) 401212 for South Beds, and quote crime reference, J./,1,3,4,2,5,/2009. Alternatively text your message to (07786) 200011 { or email your message to chc@Bedfordshire.pnn.Police.uk }
